

# Terminal Blocks & Modules

Type	Description
T-1013A	25 pairs FT connection modules (without colour)
T-1014	50 pairs terminal block
T-1053B	25 pairs splicing module 4000-D type (cover is clear)
T-1054A	Wiring block (110 type) 50 pairs
T-1054B	Wiring block (110 type) 100 pairs
T-1055A	25 pairs connector
T-1056A	50 pairs mount
T-1056B	100 pairs mount

## 25 Pair FT Connection Modules

This FT (Feed Through) Module is a two piece assembly consisting of a base and a connector. It allows high-density termination in a small area. The design of this module provides a compact & faster installation. Simply terminate the cables, remove the connector, flip it over and you are ready for patching or jumper wiring.

## 110 Wiring Blocks

The 110 wiring blocks accept 22-26 AWG conductors. Wiring blocks are available in different pair sizes with legs for backboard mounting.

## 25 Pair Connector & 50, 100 Pair Mounts

These wiring block are Nortel compatible wiring blocks and are used as 25 pairs, 50 pairs & 100 pairs configurations.
